

LEAN IN Malaysia

Hi there Lean In Community,

Welcome to our November Newsletter!

The most beautiful moments always seem to fly pass us and we find ourselves already in the month of November 2018! Hope it was a very Happy Deepavali to those who are celebrating the religious Festival of Lights! In this festive season, the national news - Budget 2019 has also been announced! Thriving together to a more meaningful future.

Closer to home, our LICP 3.0 has finally come to an end with the launch of LICP Finale on October, 27th. A huge congratulations to the 23 outstanding participants who completed the 9-week programme. The LICP Programme would not have been possible without the continue support of our sponsors, partners, mentors and judges. We would like to take this opportunity to express our deepest gratitude to them for contributing towards making the programme a success. Follow us on social media for the highlights of this impactful programme. You can check out the LICP finale pitches here: [part 1](#) and [2](#).

We want to use this opportunity as well to announce our upcoming flagship event of 2018! Unconference 2018, themed "Diversity" will be held on the 8th of December.

Our preparations are now in full-swing to create a platform where we are able to discuss issues and challenges that we all face in the marketplace while sticking to our Lean In's core values: Educate, Enable, and Empower. We are excited to share more information about the event with you so do check out the next session for more info!

With Love,

Yung Jie & Celine

WHAT'S NEXT
LEVELLING UP THE CONVERSATION

Lean In Malaysia's unConference is our annual flagship event that gathers the speakers from various backgrounds and industries to discuss a wide range of progressive ideas which focuses on adjustments or differences that women can take to be more empowered in the decisions that they make. On top of that, we also take this platform to compile and deliver the best practices and most popular modules that we have organized throughout the year, into one impactful morning.

2018's theme revolves around "What's Next: Levelling Up the Conversation" and how bridging the differences between the diverse members of our nation can instill a deeper sense of inclusion among our society.

Update: Lean In Career Programme 3.0 Grand Finale

9 weeks of mentoring, 4 masterclasses and 3 networking sessions later, LICP 3.0 culminated with the grand Finale, an opportunity for the participants to showcase their progress and achievements.

The day started bright and early at Eco World Sales Gallery with nervous but excited participants. Each one packed a punch with their 2-minute pitches on how they made the most of LICP to achieve their chosen goals. They shared impactful stories about promotions at work, new job acceptances, new initiatives kickstarted, personal transformations, and so much more.

This was followed by a 2-minute intense and raw Q&A by our stellar panel of judges (Dato Hamidah, Group Chief People Officer at CIMB Group; Sean Ferguson, Associate Dean at Asia School of Business; and Sherry Tan, Chief Business Officer at Lazada Malaysia). Our judges had a tough decision to make - there could only be 3 winners.

After much deliberation, the recipients of the coveted trophies were revealed: Buveena Vijayandren for Greatest Achievement, Viviantie Sarjuni for Greatest Growth and Junnie Ten for Most Ambitious Award. A massive congratulations to the winners, and to all the participants who graduated! It has been a thrill seeing them grow tremendously over the 9 weeks, taking advantage of all the opportunities presented to them, and forming strong and lasting bonds with the community. We look forward for greater things to come!
